

ENOC ZENON PREMIUM

PRODUCT DESCRIPTION

ENOC ZENON PREMIUM fluids are a range of high quality mild extreme pressure transmission oils suitable for use in cars, trucks, buses and construction plant equipment. They have been developed to minimise scuffing and provide resistance to damage of transmission gears operating in high speed and high torque conditions where API GL-4 performance is required.

APPLICATIONS

- ◆ Manual synchromesh transmissions for cars, trucks and buses
- ◆ Spiral-bevel final drive axles in certain makes of trucks
- ◆ Automotive steering boxes
- ◆ Tractor and off-road heavy equipment, transaxles and differentials

PERFORMANCE STANDARDS

ZENON PREMIUM meets and exceeds the following International specifications:

API GL-4
US Military MIL-L-2105

Always follow equipment manufacturer's recommendations for the required lubricant performance level and oil drain interval.

BENEFITS

ZENON PREMIUM provides:

- ◆ Extended gear and bearing life
- ◆ Protection against rust and corrosion
- ◆ Excellent seal compatibility
- ◆ Smooth gear changes

Technical Data*		
SAE Grade	90	140
Kinematic Viscosity		
mm ² /s @ 40 ^o C	162	354
mm ² /s @ 100 ^o C	17	26
Viscosity Index	96	97
Pour Point, ^o C	-12	-9

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
